

Hear what patients are saying about **Oticon Opn™**

"I'm not nearly as tired because I'm more confident in what I'm doing. I can hear what my students are saying to me. And I go home with a lot more energy for my family."

— Shannon C.

"The sound all around me is crystal clear and when I focus on an individual, I can hear them in a crowd, or one-on-one, even in an airport. The clarity is amazing and it actually leaves you more refreshed and more confident when you leave a meeting."

— Tom L.

"Now I can participate around the table in conversation."

— Chris M.

"I am really finding that I have less anxiety about being in conversations and missing what's being said."

— Annette Q.

Oticon Opn™ – proven to make hearing easier

Not all hearing devices are created equal. Scientific research proves that the microchip inside Oticon Opn™ creates a better, more natural hearing experience. What's more, our exclusive Open Sound Experience gives you total access to all the sounds around you, not just the ones directly in front of you. Oticon Opn separates speech from noise and lets you focus on what's important.

With Oticon Opn, you can open up to a fuller, more natural hearing experience!

Carly J. Girard, Au.D, CCC-A
Julie E. Kneip, Au.D.
